**Items noted below were observed during the course of this inspection. Any violations observed must be corrected. Failure to correct the listed violation(s) prior to the designated compliance date may necessitate a reinspection at an additional fee.**

**OPENING COMMENTS**

This report supersedes the handwritten report left onsite on 1/18/2020.

The purpose of this visit was to reinstate the Health Permit due to a sewage over flow earlier this date.

The sewage overflow was cleaned up in the back of the facility. The plumber had cleared out the line. The plumbing receipt was provided.

You may reopen for business.

Your Health Permit is reinstated.

The report was reviewed with the owner M. Marquez.

Did you know that effective January 1, 2018, the California Health and Safety Code was amended to make it easier for food facilities to donate food? Please consider donating your excess food/product to a local food bank, pantry, or soup kitchen. As a good faith food donor, you are protected from civil and criminal liability if the food product later causes harm to its recipient, unless the injury is a direct result of your gross negligence or intentional misconduct in the preparation or handling of the donated food. See Section 1714.25 of the Civil Code and Sections 114432 to 114434, inclusive, of the Health and Safety Code.
