**Items noted below were observed during the course of this inspection. Any violations observed must be corrected. Failure to correct the listed violation(s) prior to the designated compliance date may necessitate a reinspection at an additional fee.**

**OPENING COMMENTS**

The purpose of this visit was a re-inspection in response to the health permit downgrade on 06/26/2019. During the routine inspection, the facility lacked hot water.

On this date, hot water (120F warewash sink, 100F handwash sinks) had been restored in the facility. The conditions causing the permit downgrade were observed corrected. Your permit to operate is hereby re-instated.

Continue to address the violations noted on the routine inspection report.

Did you know that effective January 1, 2018, the California Health and Safety Code was amended to make it easier for food facilities to donate food? Please consider donating your excess food/product to a local food bank, pantry, or soup kitchen. As a good faith food donor, you are protected from civil and criminal liability if the food product later causes harm to its recipient, unless the injury is a direct result of your gross negligence or intentional misconduct in the preparation or handling of the donated food. See Section 1714.25 of the Civil Code and Sections 114432 to 114434, inclusive, of the Health and Safety Code.
